Hospitality Services
Application Usage

Building Premium Hospitality Services Matters!

MTG's hospitality solutions allow hospitality businesses to operate more efficiently by better managing their facilities and staff base on the real-time data collected from all intelligent devices.

[WCA1162](#) Model equipped with internet connectivity and [LED Light Bar](#) can streamline the overall hotel check-in process. Customers can easily complete the hotel check-in process by themselves using their booking number, passport number, or reservation barcode.

[TCS2380](#) Model for Intelligent Front Desk Services

Make your reception team be always up to speed and can complete the check-in for the next guest by applying [MCA0806](#) Model – MTG's 8" portable Mobile Tablet PC.

MCA0806 Model for Seamless Housekeeping Arrangements

A Total Solution for Hospitality Services Application Usage
